### ListView Colors 4 YOU for VTIGER CRM 6.x

#### Introduction

The ListView Colors 4 You is extension tool designed for vtiger CRM. The ListView Colors 4 You allows in few simple steps change of default ListView to colored ListView. You can define colors of rows in ListView depending on conditions separately for each module. This gives you better view, faster orientation and more information using same data in ListView. The ListView Colors 4 You benefits are:

- better efficiency of the ListView
- adaptable to module manager and easy to install
- simple usage
- supported mostly inside all modules
